

Electronic Drain Packages

All in One Unit

Electronic Drain Package 1/4" Drain

1/2" Inlet Strainer Ball Valve
1/4" 90° Push In Fitting
5 feet Tubing for draining
All in one assembly

Model
ET-20 C

Automatic draining of filters, air dryers, compressors and other vessels
CSA approved
NEMA 4
110/60/1
Adjustable timing from 1 minute to 45 minutes with 1 to 15 seconds opening
Manual override
6' power cord
Maximum pressure 175 psi
Maximum temperature 120° F

Self Cleaning Unit

1/2" inlet male **and** 1/4" inlet female connections
1/4" outlet
Cleaning exit - 1/2" and 1/4" can be used

ET-20 SC incorporates a self cleaning feature whereby a fixed strainer screen removes contaminants before reaching the valve orifice. The only maintenance required is to open the ball valve periodically. The full flow would then be redirected from a 90° position to a straight through direction which cleans the filter screen of collected contaminants with a short blast. All other components such as coil, timer and cord are same as ET-20 drain.
